

Global Health & Safety Policy

TI Automotive believes that the safety of its employees around the globe is of the highest importance. Health and safety are and must be the top priority and responsibility of each TI Automotive employee. In providing a safe work environment, each site will satisfactorily complete the following:

Health and safety committees

Maintenance of an active local health & safety committee that develops and monitors a plant wide health & safety program, which includes a commitment and compliance to applicable legal requirements, and other related hazards.

Recordable lost time injuries

All recordable and lost time injuries will be reported and investigated within 24 hours of the occurrence.

William L. Kozyra
Chairman of the Board,
CEO & President

Domenico Milicia
Chief Human Resources &
Communications Officer

Regular health and safety meetings

General / Plant Managers will meet regularly with the health & safety committee to provide guidance and support.

Annual health & safety gap analysis

Each facility will conduct a gap analysis with action plans to achieve satisfactory results.
